**Subject:** Amendment No. Five (5) to Request for Application (RFA) No. 294-2007-005  
Technical and Vocational Education and Training (TVET) Program

Dear Applicants:

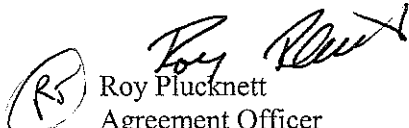

The purpose of this Amendment No. Five (5) to RFA No. 294-2007-005 is to provide the following clarifications in response to the queries received from prospective Applicants regarding the TVET League's recent request for meetings and presentations of proposed concepts for the TVET program:

1. The requirements of the RFA have not changed since Amendment No. Four issued on July 3, 2007 and no additional requirements have been added. As described in the RFA, USAID encourages coordination and cooperation between the Applicants and the TVET League in the development of each application. The TVET League's recent queries regarding the concept of each prospective applicant's program were initiated by the League itself, and demonstrate the League's keen interest in this program.
2. The format/content of the meeting/presentation requested by the League is at the League's discretion and not a requirement of USAID. Whatever format is requested by the League should not replace any format or requirement that was requested by USAID in the RFA.
3. None of the League members should be part of any Application nor should they be proposed as an implementer of the TVET program, as the League is the beneficiary of this program.
4. Only the USAID/West Bank and Gaza Agreement Officer is authorized to provide any new guidance or instructions about the subject RFA. Any amendment will be published on the <http://www.grants.gov/> website for all Applicants.

All other terms and conditions of this RFA remain unchanged.

No further questions regarding this RFA will be entertained.

Sincerely,

  
Roy Plucknett  
Agreement Officer
